To the graduating class of 1964:

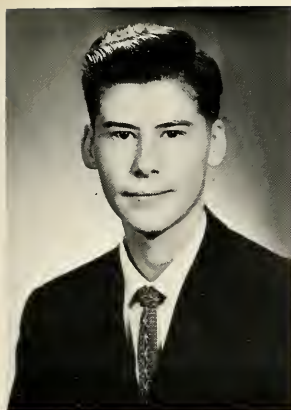

"Know yourself in relation to all around you—
learn to think clearly and constructively—
develop your own particular talents—
don't shrink from work, roll up your sleeves
and dig in."

Richard Dimitt

Seniors of 1964:

"Recognize that you are now living your
lives and if you intend to make anything
good or beautiful of them—the time is
the present fleeting hour. What we put into
life determines how large our return of
happiness shall be. The triumphant life is
to be achieved through service. The path of
duty then becomes a path of beauty. May
each of you find this path is my wish."

Class Prophecy

Dear Janet,

I was very happy to receive your letter today. You asked about the graduates of 1964 so I shall tell you about each graduate.

Our twins are two years old now. They have blonde hair and blue eyes, and we think they're the cutest children we have ever seen.

Dianne and her husband also have a set of twins plus four other children. They're still living in the house by the railroad tracks.

Rex went to the service about a month after graduation; then when he was discharged he was rich enough to buy a line of A & P Stores. He's doing very well now.

Diana is a very busy woman with her married life and also a business career. She and her husband have a six month old girl. She's the sweetest little child.

Wilma is now a doctor at L.U. Medical Center in Indianapolis. She and her husband have three children.

John is a dentist now and a very busy one at that!! His wife says she herself has to make an appointment to see him..

Butch is a quite successful barber and is getting so much business that he had to open a larger shop. He and his uncles went together and built a new one called, "Fergies Chop Shop".

Charlie went on to college but that didn't curb his interest in cars. As you probably read in the newspapers he will be a participant in the 500 Mile Race this year. He won second place last year.

Sandy is teaching History and French in a big school in California.

Charlotte is now a buyer for Wm. H. Block & Co. She is now in Paris at the big fashion show there.

Terry is still in college. He is studying to be a doctor. He failed the swimming course because he wanted to wear a swimming cap to protect his hair but they wouldn't let him,, so he quit the course.

"C.C." as you remember works at the Indianapolis News as a Typewriter. He is advancing quickly in his field.

Carl, as you've probably read in the newspaper, is in Cape Kennedy, he has sent several satellites up and is now about to finish the most important one of all, the one in which he will be the first man to the moon.

Ted is married and has two children. They love farm life and I understand he is quite successful.

Well, that about covers the Class of 1964.. I hope you enjoyed hearing about your former classmates.

We were pleased you could attend our graduation. We wish you success with your family and your career.

Write again soon.

A friend,

Nancy

Class History

Dear Mrs. Callaway,

As we think back to our beginning in school, it starts in 1952 with you as our first grade teacher.

There were eighteen of us then, and seven of us; John, Charlotte, Charles, Dianne, Terry, Diana, and Carroll C. have attended Pinnell all twelve years. Janet Minor had gone eleven years with us to school but is now attending Dover High School. Carl attended Pinnell these twelve years except for one semester.

We were very fortunate to have you for our second grade teacher.

As we moved on to the third and fourth grade, we lost you as a teacher, but we gained Mrs. St. Martin and Mrs. Brose.

In the fifth and sixth grades we began to realize that school was getting more difficult. But Mrs. Canada helped us master our subjects.

The next year as we journeyed up stairs we elected officers and Mr. Mallott for our seventh grade sponsor. Mr. Price was our eighth grade sponsor.

In 1960 we entered high school, Dianne was elected President; Carl, Vice-President; Diana, Secretary; and Charlotte, Treasurer. We worked at many tasks to make money.

Mrs. Gabbard, our sponsor for both our Freshmen and Sophomore years, took us nine Freshmen to Fish Lake in La Grange County for a week end. We have many happy memories of this trip. Our Sophomore officers were; President, Carl, Vice-President, Janet; Secretary, Dianne; and Treasurer, Charlotte. We were still working toward our Senior Trip.

Our Junior year we elected Diana as President, Carl as Vice-President, Janet as Secretary, and Charlotte as Treasurer. We made money at the Junior Carnival, Box Social and Square Dance, Candy Sales, and our Junior Class Play, "Desperate Ambrose". Mrs. Guthrie was our new sponsor.

Now we are Seniors and Mrs. Guthrie is leading us again. Through all these years we have lost many and gained many students. Now there are fourteen of us. Carl is President, Charles is Vice-President, Terry is Secretary, and Putch is Treasurer. We have had a Senior Play, "Finders Creepers", another Square Dance, paper drive, and we have sold magazines as well as worked at many other projects to make money for our long awaited graduation and Senior Trip.

We wish to thank you for the fine start you gave us in school. If you had not laid a good foundation we might not have been where we are today.

We will miss you, Mrs. Callaway, but we will never forget you,

Very sincerely yours,

The Senior Class of 1964

Memories Of

IN MEMORY of GENE PEDIGO
who died on April 12, 1963

We all miss you, Gene
Since you were called away
We were all out of school
It was Good Friday.

We remember when you came
We became acquainted with you
Your personality pleased us
And your courteous manners, too.

You liked to play basketball
You played the game well
You were interested in your work
The teachers would gladly tell.

You were one of the Class of "65"
The boys were glad you came
Because they were outnumbered
By the fairer of the clan.

You will be separated from us
For only a short span
Then by God's own will
We'll meet once again.

IN MEMORY of STEPHEN FERGUSON

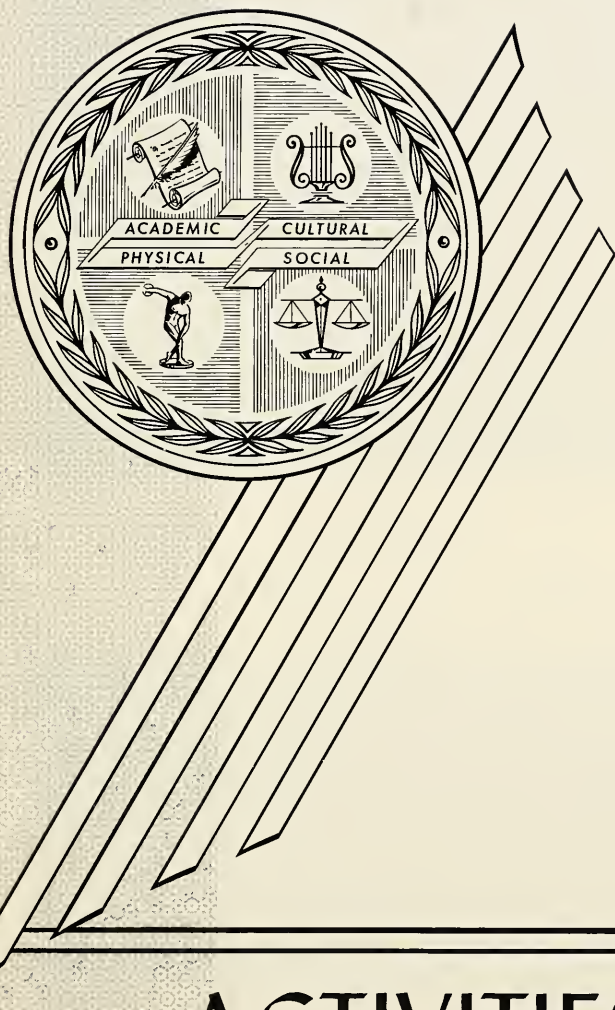

who died on September 9, 1963

It would not do for us to know God's plan
As we work from day to day
But we must always be in favor with Him
So as to avoid no delay.

We thank Him for a guiding hand
And for the blessings he gives us, too
We thank Him for the lives of those
Whose years with us are few.

We can only remember you, dear Stephen,
while we live our whole lives through
But the sweetness will linger forever
As we treasure this image of you
